

Week 2									
Grade 12	English	Advanced Math	General Math	AP Chemistry	Physics Advanced	Physics General	Arabic	Journalism 1	AP Biology
Period 1	Unit 1 What's Next Introduction of the essential Question Class Discussion	Lesson: 1.2 - Students will learn how to transform a function using parent function - Questions from the book will be assigned as classwork.	Lesson 1.2 - Students will transform functions. - Students will solve exercise 17.	Section 13.2: The rate law - Part 1: Define and write the general expression of rate law	Topic: Coulombs Law Calculate net force acting on a charged particle , when particles are given in one dimension or two dimensions locations.	Chapter 20, section 2: electrostatic force Objectives: 1. solve problems on coulomb's law. 2. Research applications on coulomb's law.	الخصصة الأولى- درس الله ولي الذين آمنوا - نكح الأيام الكريمة تلاوة براعي فيها أحكام تلاوة قدر الإمكان يحلل معنى آيات من سورتها . يستنتج خصائص النص القرآني . يحدد دلالة كلمة وأن في سياق الآية الكريمة . يوضح صورتي المؤمنين و الكافرين في الآيتين .	Yellow Journalism	Chapter 3 The chemistry of organic molecules . .3.2 Carbohydrates. Objective : Summarize the role of carbohydrates in a cell. pages 30-42
Period 2	A first in Space Informational Text	- Students will learn how to evaluate limits graphically - Questions from the book will be assigned as classwork.	Lesson 1.2 - Students will transform functions. - Students will solve exercises 18, 19.	Continue section 13.2. - Part 2: Use data of concentration - time to write the rate law of a reaction	Topic: Coulombs Law Calculate the equilibrium position for a charged particle , when particles are given on x-axis	Chapter 20, section 2: electrostatic force Objectives: 1. Lab report on electrostatic conduction and induction.	الخصصة الثانية- درس الله ولي الذين آمنوا يمثل للطلاب من النص يعال استخدام المفرد والجمع في الآيتين الكريمتين يعقد مقارنة بين سلوكيات شخصين مختلفين على ضوء النص .		Chapter 3 The chemistry of organic molecules . .3.2 Carbohydrates. Objective : 1) Describe how monosaccharides are combined to form disaccharides. 2) Explain why humans cannot utilize the glucose in cellulose as a nutrient source. pages 30-42
Period 3	A first in Space Informational Text	- Students will learn how to evaluate limits algebraically. - Questions from the book will be assigned as classwork.	Lesson 1.2 - Students will combine functions. - Students will solve exercise 37, 38.	Section 13.2 Part 3: Solve questions on concentration / time to write the rate law of a chemical reaction	Topic: Coulombs Law Calculate net force acting on a charged particle , when particles form a triangle and square .	Chapter 21, section 1: Measuring electric fields Objectives:	الخصصة الثالثة تعرف خطوات كتابة المقال الإقناعي		Chapter 3 The chemistry of organic molecules . .3.3 Lipids Objective : 1) Describe why lipids are essential to living organisms. 2) Distinguish between saturated and unsaturated fatty acids. as a nutrient source. pages 42-46
Period 4	Grammar Review	- Students will learn how to evaluate limits algebraically of piece-wise function - Questions from the book will be assigned as classwork.	Lesson 1.2 - Students will combine functions. - Students will solve exercise 39.	Solve worksheet on rate law of chemical reactions	Solve college board progress check questions		الخصصة الرابعة كتابة مقال إقناعي ملتزما خطواته		Chapter 3 The chemistry of organic molecules . .3.3 Lipids Objective : 1) Contrast the structures of fats, phospholipids, and steroids. 2) Compare the functions of phospholipids and steroids in cells. pages 42-46
Period 5	Writing: Response to informational text Study Sync P6	- Students will learn how to evaluate limits algebraically using sinx's rule. - Questions from the book will be assigned as classwork.	Lesson 1.2 - Students will combine functions. - Students will solve exercise 40.		Solve college board progress check questions				
Grade 12	Islamic	Marketing 2	Economics	Moral Education	Engineering Design				
Period 1	درس وكتابة المنتج من الجرائم الإثلافية سورة التور صفحة 10 * تلاوة الآيات الكريمة تلاوة سمودة	Chapter 8 Communication Skills -Section 8.1: Defining Communication - Define effective verbal and nonverbal communication	Ch:9 The Role of Labor -Section 2: Trends in Today's Labor Market Identify -Identify the changes that have taken place in the labor force	التكامل في حياتنا المعاصرة : ما الفساد وما المجالات التي يحدث فيها الفساد ؟ ما مفهوم السلطة ؟ ص 3-10	Cyber safety campaign : The Change You Want to See Engineering Design : Digital and analog system				
Period 2	درس وكتابة المنتج من الجرائم الإثلافية سورة التور صفحة 10 * تفسير المفردات الجديدة * شرح المعنى الإجمالي لأيات التورمة	Chapter 8 Communication Skills -Section 8.1: Defining Communication - Explain the role of listening in communication	Ch:9 The Role of Labor -Section 2: Trends in Today's Labor Market Identify - Explain how occupations have changed						
Period 3		Chapter 8 Communication Skills -Section 8.1: Defining Communication - Explain why awareness of cultural differences is important	Ch:9 The Role of Labor - Section 2: Trends in Today's Labor Market Identify - Explain how the way people work has changed making economic choices						
Period 4		Chapter 8 Communication Skills -Section 8.1: Defining Communication - Define Reading for meaning Solve Review key concepts section 8.1	Ch:9 The Role of Labor - Section 2: Trends in Today's Labor Market Identify - Solve section assessment
